Nationality	:	Greek

PROFILE

- I am a driven and innovative Data Scientist, AI Engineer, and Computer Vision specialist with a strong academic background and hands-on project experience.
- I excel in leveraging Artificial Intelligence and Data Science to create solutions for complex challenges.
- What sets me apart is my ability to combine technical expertise with strategic vision, enabling me to transform data into actionable insights.
- I am seeking an opportunity with a forward-thinking organization where I can contribute to impactful projects and further hone my skills.
- My ambition is to drive innovation and optimize operations in a dynamic, digital landscape.

EXPERTISE

Deep Learning | Natural language Processing | Data Analytics | Computer Vision | Team Management

WORK EXPERIENCE

Computer Technician   **02/02/2023 – 05/07/2023**
Christian Brothers' College // Bulawayo, Zimbabwe

Key responsibilities:

• Managed and updated the school's website, ensuring content was current and accessible to students and faculty.
• Implemented system hardware upgrades (For 60 Computers), enhancing performance and efficiency for users across the institution.
• Developed and maintained the institution's data warehouse and pipeline to centralise and manage student grades, attendance, and other academic records, enabling streamlined reporting and analysis.
• Managed the stock of computing equipment, ensuring all hardware and peripherals were in good condition and replaced when necessary.
• Set up and customised operating systems tailored to the institution's specific academic requirements.

Sandwich Artist   **02/02/2024 - PRESENT**
Subway Breda De Krogten // Breda, The Netherlands

• Collaborated with a team to provide high-quality service in a fast-paced environment, ensuring customer satisfaction and efficient service during busy hours.
• Developed strong communication skills by interacting with customers and team members, maintaining a positive and friendly atmosphere.
• Managed opening and closing procedures, ensuring store readiness and smooth operations.
• Handled incoming deliveries and organized stock to maintain inventory levels and product availability

CURRICULUM VITAE - ALEXI KEHAYIAS

Computer Vision Specialist for Netherlands Plant Phenotyping Center   **19/02/2025 - PRESENT**
Breda University of Applied Sciences // Breda, The Netherlands

• Developed a combined pipeline of computer vision and robotics, through the use of deep learning and reinforcement learning to automate the process of monitoring and inoculating plant roots when conducting experiments on these species.

EDUCATION

Cambridge International Ordinary Level – Christian Brothers' College	**2019-2020**
Cambridge International Advanced Level – Christian Brothers' College	**2021 - 2022**
Applied Data Science & Artificial Intelligence – Breda University of Applied Sciences	**2023 - PRESENT**
